## Decreasing Printing Costs and Delivery Times?

## Look no Further Than Nu Graphics Etc., Inc. Online Marketing Store & Web-to-Print Solutions

Nu Graphics' Marketing Services Team offers your company a powerful and proven Web-to-Print and Marketing Materials Distribution Solution to streamline print and distribution of marketing materials of all types. Nu Graphics' web-based literature and digital asset management solution is ecommerce enabled – allowing you to offer your sales channel self-service print on demand with local pricing competitive in every region of the world. Often referred to as a PartnerWeb site or Marketing Mall, our solution is most popular for companies wanting to:

- 1) Significantly reduce go-to-market time for new and/or improved products (from weeks to days).
- 2) Offer translated versions of brochures.
- 3) Allow regional personalization, pricing, and distribution to save thousands of dollars in printing and shipping costs while crushing delivery times from weeks to days anywhere in the world.
- 4) Minimize or eliminate marketing brochure inventory.
- 5) Allow channel partners to order and pay for marketing materials using credit card, market development funds, or purchase order.
- 6) Professionally manage & distribute printed and promotional materials (tradeshow panels, posters, premiums, promotional items, etc.) via a single web-based interface. Your company will reduce printed materials cost (normally by 20-30%) and waste while immediately moving the burden of fulfilling channel and sales request from your marketing department, to the requestors (self-service system).
